MAYOR DAVIS PROMINENT

In Affecting Settlement—
Public Sentiment Was
With Car Men—Situation
at Pittsburgh and Other
Points Where Labor Trou-
bles Either Exist Or Have
Been Threatening.

(ASSOCIATED PRESS TELEGRAM)
Cleveland, May 4.—Motormen and
conductors of the Cleveland Rail-
way company voted 1123 to 496
early today to accept the company's
compromise wage offer, thus averting
a strike.
The count of ballots was not com-
pleted until this morning. The men
voted in two groups, the day men
making up the first division last
night, while the men whose runs
were finished at midnight composed
the second detachment.
The terms as accepted by the men
call for a wage increase of two
cents an hour, effective at once,
with an additional one cent increase
May 1, 1917, and a minimum day of
five hours, effective at once. The
first year men have been getting 29
cents an hour and the others 32
cents. The company estimates the
advance will cost \$522,000 in two
years, which is the life of the agree-
ment.

An important factor in influencing
a favorable vote of the men was the
promise made to union leaders by
Mayor Harry L. Davis, that he would
lead an effort before the city coun-
cil for schedule changes to meet the
wishes of the men. Under the Taylor
ordinance by which the cars are
operated with city supervision the
arrangement of schedules is in the
hands of the council. Mayor Davis
and President John J. Stanley of the
company agree that the increased
wages will not necessitate raising
the fare from the present rate of
3-cents, if strict economies are prac-
ticed. This feature makes the situa-
tion favorable in the eyes of the
public, the attitude of which as ex-
pressed in newspaper opinion ap-
peared to be that the carmen should
have as great an advance as 3-cent
fare would permit.

CONCILIATOR TRIES
TO GET BOTH SIDES
INTO AN AGREEMENT.

(ASSOCIATED PRESS TELEGRAM)
Pittsburgh, May 4.—Clifton
Reeves, conciliation commissioner
of the United States Department of
Labor, and representatives of the
state bureau of arbitration and
mediation continued their efforts to-
day to settle the strike of employes
of the Westinghouse plants in East
Pittsburgh and vicinity. Further con-
ferences were held with representa-
tives of both sides and plans were
made for a meeting between Presi-
dent E. M. Herr of the Westinghouse
Electric and Manufacturing company
and a committee of workmen with
a view of opening negotiations.
A meeting of the general confer-
ence, composed of 20 strikers select-
ed at a mass meeting yesterday, will
be held today and from this number
will be chosen five who will act as
a mediation committee to negotiate
with President Herr. This smaller
committee will be empowered to

MESSAGE

Of Major-General Scott Laid
Before President Wilson
Today

CHARACTERIZED AS
SATISFACTORY

Provides for Use of Mexican
Railroads

NO DEFINITE TIME IS SET

For Withdrawal of Amer-
ican Troops From Mexico
—It is Understood Also to
Provide for Co-operation
of Carranza Soldiers for
Clearing Up the Bandits
In the Meantime.

(ASSOCIATED PRESS TELEGRAM)
Washington, May 4.—Major Gen-
eral Scott's report on his conference
with General Obregon, Carranza's
war minister laid before President
Wilson today by Secretary Baker
was characterized by officials as
"satisfactory." It is understood to
provide for the use of Mexican rail-
ways and sets no definite time—
such as sixty days as has been re-
ported, for the withdrawal of Gen-
eral Pershing's forces.
While the terms of the tentative
agreement will not be made public at
least until after a conference be-
tween President Wilson and Secre-
tary Baker today, it is understood
to provide that American troops shall
not go farther south than they now
are and will be withdrawn soon as
the Carranza government convinces
the United States of its capacity to
protect the American border terri-
tory.

It also provides for co-operation
with Carranza troops for clearing
up the bandits. Some slight changes
in the agreement as made between
General Scott and General Obregon
may be made here but they probably
will be unimportant. The indications
are that Secretary Baker will recom-
mend to the president the acceptance
of the agreement which is describ-
ed as purely a military one.

PRESIDENT WILSON IS
PERSONALLY HANDLING
THE MEXICAN PROBLEM.

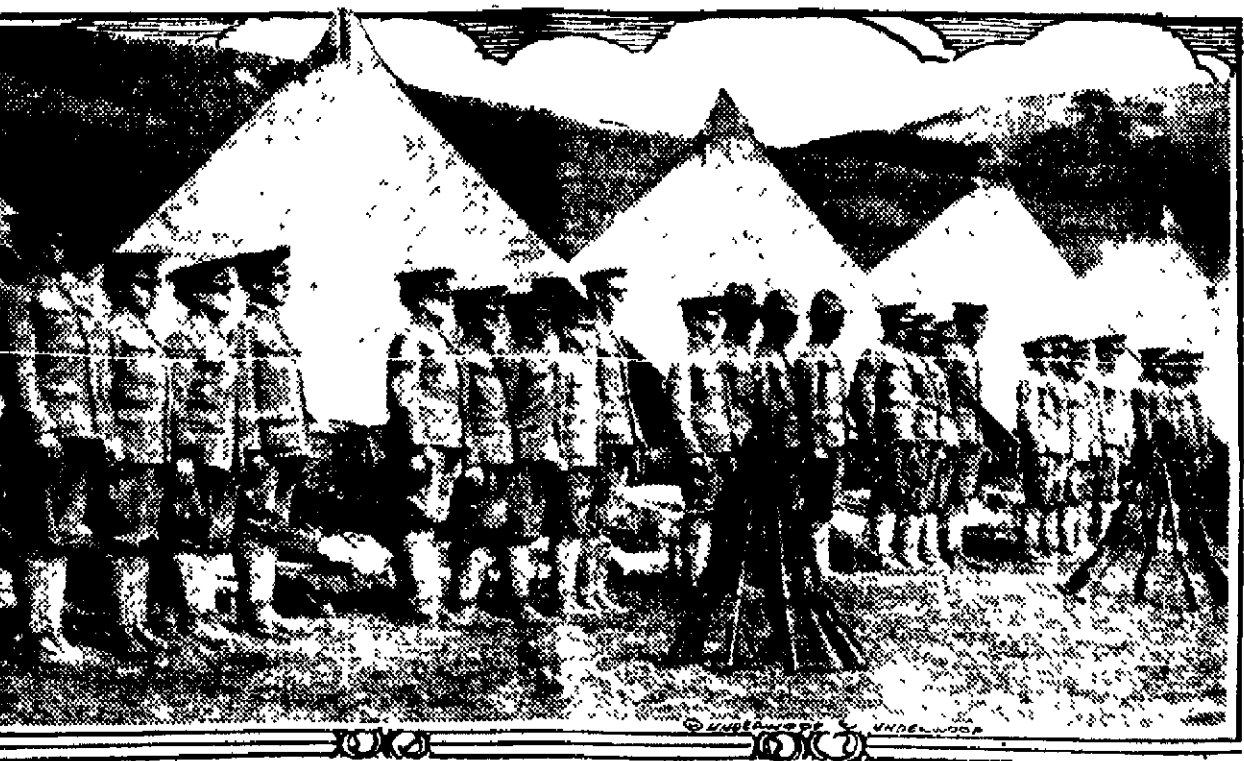

(ASSOCIATED PRESS TELEGRAM)
Washington, May 4.—A full re-
port from General Scott on the re-
sults of his conference with Gen-
eral Obregon, Carranza's war minis-
ter, at El Paso, was laid before
President Wilson for his considera-
tion by Secretary Baker today. The
secretary declined to comment on the
communication or to reveal its con-
tents before the President had seen it.

Administration officials awaited
with keen interest the disclosure of
the contents of the report, particu-
larly in view of unofficial advices
from the border saying that an un-
derstanding had been reached be-
tween Generals Scott and Obregon,
thus averting a clash with the Mexi-
can government.

No action looking to ratification
of the agreement was to be taken
pending a careful review of the re-
port by President Wilson, who is said
to be handling the Mexican problem
personally. Secretary Baker indi-
cated that the agreement might be
the subject of further discussion be-
tween Generals Scott and Obregon
inasmuch as it is tentative and with-
out effect pending ratification be-
tween the Washington and Mexican
governments.

If the proposed agreement is rat-
ified, it is expected that immediate
steps will be taken by the adminis-
tration.

SCHOOL BOYS GET TRAINING IN CALIFORNIA MILITARY CAMP

San Francisco school boys at training camp at Manzanita, California.
At Manzanita, California, there was recently formed a military training camp for the exclusive use of the school boys of San Francisco and the bay states. The boys are brought to the camp and kept there for two weeks, being instructed in the details of military life. After their instruction is over, they return to their homes and are followed by a group from another school.

MEMBERSHIP
MEETING IS
TO BE HELD

NEW CHAMBER OF COMMERCE
CONSTITUTION WILL BE
ADOPTED TONIGHT.

Directors so Far Elected Also Will
Have a Meeting—Matters of
Importance.

The general membership meeting
of the Chamber of Commerce will be
held at 7:30 o'clock tonight at the
Newark Trust building. The purpose
of this meeting is to adopt the con-
stitution and by-laws, and approve
the action of the directors in the se-
lection of directors. Mr. McFarland
has used a standard form of consti-
tution and by-laws recommended by
Town Development in drawing up
the rules for the local Chamber. It
is a form used in many of the
leading cities of the country.

Following the membership meet-
ing of the new board of directors,
which have been selected at the bu-
reau meetings held this week.
The final bureau meeting was held
last night. It was the Civic bureau,
and there was a large attendance in
spite of the rainy weather. The de-
mand for young blood in the new
Chamber of Commerce was again
manifested for J. N. Pugh and John S.
Fleek were elected directors from the
bureau unanimously.

The directors so far chosen are:
Mercantile bureau—George Her-
mann and Jess Elliott.
Convention and Publicity bureau
—Howard Darrow and Walter J.
Bowers.

Industrial bureau—F. L. Beggs
and Ralph Wyeth.
Agricultural bureau—Prof. H. C.
Price and John C. Krieg.

Civic bureau—J. N. Pugh and
John S. Fleek.

There are two more directors to
be elected, but they are to represent
the Membership council and it will
probably not be organized until the
new secretary is elected and that
will be his first duty.

The meeting of the directors to-
night will be an important one.
Many matters must be decided upon
at once in order to get the new or-
ganization under way.

One of the first things to be con-
sidered is the matter of a managing
secretary. Information about the
number of men has been collected
and will be turned over to the
Board.

Next in importance is the matter
of the quarters for the chamber of
Commerce. Many members have
spoken in favor of getting a suite of
office rooms in connection with a
small assembly room, where meet-
ings of all kinds can be held.

The work of appointing a finance
committee of the work, and a per-
manent membership committee must
also be brought up at this time.

The various bureaus each have an
executive committee at their head.
This committee is made up of five
persons, composed of the two direc-
tors from the bureau and three oth-
ers appointed jointly by the Presi-
dent of the Chamber and the Chair-
man of the bureau.

Five vice-presidents must be ap-
pointed at once. These constitute
the heads of the various bureaus.
A large number of matters have
been held in abeyance pending the
organization of the board of direc-
tors and the executive committees of
the various bureaus, and no time is
being lost in getting all subdivisions,
committees, and the board of direc-
tors organized.

FINDLAY AUDITOR
STILL IS MISSING.

Findlay, O., May 4.—Results of
the examination of the local records
of the Knights of the Macrahees kept
by Richard O. Mungen, former city
auditor, removed last week because
of his absence from the city, will be
announced tonight by George H.
Scott, state record keeper of the or-
der. Nothing has been heard from
Mungen and his absence is still a
mystery. The books in the city audi-
tor's office are also being examined,
and a report will be made soon.

tion on army and re-organization
bill.

House.
Met at noon.
Considered unanimous consent
business.

BLACK HAND

SUSPECTED OF ATTEMPTING TO
EXTORT MONEY FROM TO-
LEDO SICILIAN

Since April 11 Man Received Five
Letters—Ruse to Trap Writ-
ers Failed Tuesday.

(ASSOCIATED PRESS TELEGRAM)
Toledo, May 4.—Believing that
members of a blackhand society are
working in Chicago whence came a
fifth and final demand yesterday
upon Santos Ciragi, Sicilian busi-
ness man, for payment of \$500 or
suffer death for himself, wife and
children, two postoffice inspectors
last night went to that city.

Since April 11, Ciragi has received
five letters. "You will be killed,"
the last letter said, "and nobody will
know how or when."

The fifth letter written in Sicilian
like the others, was mailed in Chi-
cago and had a large blue cross on
it. The others, mailed in Toledo,
had a black cross. Ciragi says the
blue cross is the death mark.
A ruse to ensnare the letter writ-
ers was unsuccessful Tuesday night
when Ciragi under police surveillance
walked down an appointed street
carrying under his arm a basket con-
taining \$500. He was not accosted.

MISSIONARY

REPORT OCCUPIES SESSION OF
METHODIST GENERAL
CONFERENCE.

Discussion of Church's Activities in
Other Lands Made a Special
Order.

(ASSOCIATED PRESS TELEGRAM)
Saratoga Springs, N. Y., May 4.—
The Methodist Episcopal church in-
come available for missionary work
in foreign countries would amount
to more than \$10,000,000 annually if
each member would contribute week-
ly a sum equivalent to a single street
car fare, according to a report sub-
mitted today to the general confer-
ence, now in session here by Dr. Earl
S. Taylor, corresponding secretary
of the board of foreign missions.

Discussion of church activities in
other lands was a special order of
business today. Although the
board of foreign missions last year
expended \$1,700,573, the amount per
capita is so insignificant the report
continued, that no piece of money in
the United States is sufficiently
small to permit of its payment in
weekly installments.

The women of the denomination,
who conduct their missionary work
through another department, con-
tributed \$931,000. The speaker as-
serted this amount would be dou-
bled if every Methodist woman
would join a missionary society and
pay ten cents a week in dues.

The need for larger gifts from
church members is urged, it was said
because of conditions resulting from
the European war.

Advocates of public hearings be-
fore the committee on Episcopacy on
all matters incidental to the deter-
mination of nomination of bishops
to be elected by the conference to-
day won a slight victory. For many
years this question has come before
the general conference, those who
favored open sessions claiming that
existing methods of procedure were
of the "star chamber" order.

AMERICAN IS
ARRESTED BY
THE BRITISH

(ASSOCIATED PRESS TELEGRAM)
London, May 4.—James M. Sulli-
van of New York, formerly American
minister to Santo Domingo, has been
arrested in Dublin, on the charge of
complicity in the Irish rebellion.

Mr. Sullivan sailed from New York
last July for Liverpool, with his
wife and son, saying he was going to
Limerick, Ireland, to visit his aged
mother. He said he expected to be
back in New York by September 1.
Shortly before he sailed Mr. Sulli-
van was virtually asked to resign
his post as minister to the Domini-
can republic, as the result of an in-
vestigation conducted by a commis-
sion headed by Senator McLean, of
California. It was understood the
report censured Mr. Sullivan for in-
discretions in the conduct of his of-
fice through praising him for certain
reforms he put into effect. Testi-
mony taken by the commission dur-
ing its investigation, in Santo Do-
mingo, was to the effect that the
minister was interested in contracts
in which other Americans were con-
cerned. Only July 23, it was an-
nounced that Mr. Sullivan had re-
signed.

Mr. Sullivan was born in Killar-
ney, Ireland, in 1873, and came to
America in childhood.

HUSBAND CHARGED
WITH POISONING
WIFE LAST FALL

(ASSOCIATED PRESS TELEGRAM)
Fremont, O., May 4.—Joseph R.
Kiser, motorman employed by the
Lake Shore Electric Railway, former
farmer, is under guard at his home
here, following his indictment late
yesterday on a charge of killing his
wife with poison. Mrs. Kiser, 41,
died November 17, last as a result,
it was then said, of eating an oyster
stew in which there was ptomaine
poison. Corroborative testimony ac-
cording to the indictment, is alleged to
have been administered to Mrs. Kiser
on the day before she died. The
body was exhumed, it was said, at
the request of relatives. An analysis
of the contents of the stomach was
made by a Toledo physician.

Kiser is in a serious condition,
physician say. A guard has been ap-
pointed to watch him until he can be
removed to the county jail.

Kiser comes from a well known
Sandusky county family and the in-
dictment has caused a sensation here.

OBERLIN MAN IS
CALLED TO O. S. U.;
DELEGATE NAMED

Columbus, May 4.—Dr. J. H. Nich-
ols, assistant gymnasium and ath-
letics received appointment as assist-
ant professor in the department of
physical education of the Ohio
University, according to announce-
ment today.

Dr. Nichols is a graduate of the
Harvard School of Physical Educa-
tion, and assisted Dr. Reed of the
University of Chicago at the Rush
Medical college, Chicago. He has
participated in Oberlin athletics as
a major student.

Prof. Wilbur H. Siebert of the
department of European history, has
been appointed by the trustees as
delegate of the university to the in-
auguration of Dr. J. Campbell White,
as president of Wooster college, to
be held May 10 to 12. Dr. W. O.
Thompson will deliver the inaugural
address.

LIQUOR DEALERS CONVICTED.

the completion of their cleanup of al-
leged illicit liquor dealers. Thirteen
convictions resulted.

COLUMBUS "HARD UP"
WILL ECONOMIZE BY
DARKENING STREETS

(Associated Press Telegram)
Columbus, May 4.—There are
five globes on each of the dis-
tor lights which ornament
downtown Columbus streets,
but beginning tonight, only the
topmost globe of each will be
illuminated, in accordance with
orders issued by city officials to
operators of the municipal light
plant. The "moonlight sched-
ule" as the order is character-
ized, has been adopted as a
means of effecting an economy
of \$900 monthly in operating
expenses of the city light plant.
It is one of the results of the
failure of the proposed emer-
gency bond issue submitted to
voters at the recent primaries,
officials say.

DEADLOCK

BETWEEN MINERS AND OPERA-
TORS IN EASTERN OHIO
FIELDS.

Solution Depends Upon Report of
Sub Committee Which Has Been
Meeting in Cleveland.

(ASSOCIATED PRESS TELEGRAM)
Cleveland, May 4.—Upon the re-
port of a sub-committee of miners
and operators here today depends the
solution of a deadlock between men
and mine owners of the eastern Ohio
district over a new working con-
tract for a period beginning April 1.
If no solution comes a strike of 14-
000 miners is indicated, according to
John Moore, president of the state
miners organization, who is here.
The reports of the miners and op-
erators have been struggling with
their differences for ten days with-
out result. The deadlock is over the
question of whether the arbitration
clause in the former contract should
remain or be entirely eliminated.

Officials of the operators associa-
tion said today the deadlock was
due to the refusal of the miners to
let the arbitration clause remain.
This clause was the subject of much
discussion at the conference a year
ago but was finally shaped to meet
the wishes of both sides.

"The miners don't want an out-
sider to settle their small disputes,"
said President Moore today. "With
the arbitration clause remaining in
its contract it means that every little
dispute must be arbitrated. We be-
lieve reports of each side can settle
such matters between themselves."

The present dispute applies mer-
ely to the district and is not over a
wage scale which was agreed upon at
a general conference of miners and
operators in New York last winter.

C. E. Maher, head of the Pittsburgh
vein operators association, is chair-
man of the conference. Other min-
ers officials besides Moore who are
present are: Lee Hall, state vice-
president; G. W. Savage, state secre-
tary-treasurer; C. J. Albasin, presi-
dent of the eastern Ohio district.

HUSBAND HELD;
SONS ATTEND
THE FUNERAL

Portsmouth, O., May 4.—In cus-
tody of the sheriff, four sons were
allowed to attend the funeral of their
mother, Mrs. Pamela Jordan, found
murdered in her home, 12 miles
north of here Tuesday. The father
of the boys was held at the jail, as
an eight-year-old son in a confession
yesterday to county officials laid the
crime on the father, saying he shot
her with a shotgun, blowing the top
of the victim's head off. Officials
previously held to the theory that
the head had been battered with an
ax or a club.

A final investigation at the scene
of the murder revealed a white fas-
cinator with small pieces of skull, a
quantity of brain tissue and several
"birds" shot wrapped in it, lying on
the bed where the woman was mur-
dered. The inquest will be held to-
morrow.

ROUND-UP OF IRISH REBELS
Still Going on; Execution
of Ringleaders Was Swift

(ASSOCIATED PRESS TELEGRAM)
Dublin, Via London, May 4.—The
roundup of rebels still at large is go-
ing on rapidly and systematically.
The Sinn Fein crusade was conduct-
ed so openly that most of its adher-
ents are known to the police. House
to house search is being made for
those not accounted for, and notices
signed by Major General Sir John
Maxwell are posted everywhere
warning any who harbor rebels that
they will be liable to arrest and
punishment.

How serious the food situation be-
came at the height of the revolution
here may be judged from the fact
that butter sold for two dollars a
pound, flour a dollar and a pound
and potatoes at sixty cents.

Since the beginning of the distur-
bance the city virtually has been cut
off from news of the outside world.
Nearly all supplies of print paper
were used by the rebels for barri-
cades. The premises of the Free-
men's Journal and the Evening Tele-
graph were burned to the ground,
while the offices of the Daily Ex-
press and the Evening Mail were
badly damaged.
Justice has been swift in the case

NO REPORT

Received of Conference Be-
tween Gerard and Em-
peror William

ONLY A BRIEF MES-
SAGE TODAY

Containing No Reference to
German Answer

MORE THAN 2 WEEKS AGO

The American Note Was
Sent Demanding That
Germany Abandon Her
Method of Submarine
Warfare, and President
Wilson Will Not Recede
From Position Taken.

(ASSOCIATED PRESS TELEGRAM)
Washington, May 4.—Secretary
Lansing announced today that a dis-
patch from Ambassador Gerard, dat-
ed yesterday said the Ambassador
expected to receive today the Ger-
man reply to the American note de-
manding immediate abandonment of
present practices of submarine war-
fare.

A brief message from Ambassa-
dor Gerard at Berlin reached Secre-
tary Lansing this morning. It was
the first the state department had
heard from the ambassador since
last Friday. The message is said to
contain no information as to the con-
tents of Germany's reply to the
American note sent more than two
weeks ago demanding that Germany
declare and effect an abandonment
of its present methods of submarine
warfare. Unofficial information was
to the effect that the German reply
would be in the hands of Ambassa-
dor Gerard some time today.

Secretary Lansing said he was
without any information whatsoever
of the conference Ambassador Ger-
ard had with Emperor William at
German general headquarters. The
dispatch Secretary Lansing said, was
very brief and contained no indica-
tion of the tenor of the German re-
ply. News dispatches from Berlin
have indicated the German govern-
ment hoped it would be received fa-
vorably.

Chairman Stone of the senate for-
eign relations committee called on
Secretary Lansing and briefly dis-
cussed the German and Mexican situ-
ations.
"Judging from the newspapers the
tenor of the situation with Ger-
many is very much less than it was,"
said Senator Stone. "It also appears
that they have reached some agree-
ment on the border."

Senator Stone said there was no
occasion for congressional action as
the situation now stands.

WANT TO ISSUE BONDS

(ASSOCIATED PRESS TELEGRAM)
Columbus, May 4.—The Cleveland
Electric Illuminating Company today
asked the state public utilities com-
mission for authority to issue \$1-
000,000 in bonds to pay for better-
ments, extensions and improvements.
The commission set Monday, May 15,
for a hearing on the application.

COAL RATE SUSPENDED

Toledo. Shippers have complained
against the advance.

SCHEDULE FOR PIKE BUS HAS BEEN ARRANGED

The daily schedule for the Pikebus between Hebron and Zanesville has been completed and large cards have been printed and will be posted along the route to be taken by the bus, over the National Pike between Zanesville and Hebron.

One round trip between Hebron and Zanesville and two round trips daily between Zanesville and Brownsville, are provided for in the schedule.

The bus will leave Hebron at 6:45 a. m., arriving in Zanesville at 9:35 a. m. At 10 a. m. the bus will make a return trip as far as Brownsville, arriving at 11:40. Leaving Brownsville at 1 p. m. the bus will arrive in Zanesville at 2:40 and will start at 3:30 o'clock for the last trip of the day, arriving at Hebron at 6:20.

The fare between Zanesville and Hebron will be 75 cents with 20 per cent. discount on round trip tickets.

ROUND-UP

(Continued from Page 1.)

forced, they evidently had escaped with more lenient punishment than they had expected. The general public was not aware of the execution of the ringleaders until late this evening and it was not possible to observe the effect of their punishment upon the citizens of Dublin, who, however, for the vastly greater part, were not in sympathy with the rebellion.

Everybody is asking what has become of John McNeill, the local organizer of the Sinn Feiners, who appears to have disappeared from Dublin with the first shot. Another man in whose fate great interest is manifested in The O'Kellie, it is now reported that his body was found among the debris of the general postoffice.

Confidence is rapidly returning among the civilian population, and although work has not been generally resumed, many stores have been reopened.

The south and west of Ireland are at present the only places where disturbances are rife, and these are being sharply suppressed. Some further casualties are reported among the troops. Though young soldiers are performing their duty under the severest conditions of warfare, many of them having had only a few months' training, they are displaying the utmost bravery, never hesitating to advance under the hottest fire. In several parts of Ireland the Sinn Fein organization did not take part in the outbreak, but, as they possess huge quantities of arms and ammunition, they are being closely watched.

Orders were issued today demanding that they immediately surrender their arms. Provisional postal service has been established in Dublin where letters are now arriving from the provinces and from England but no outgoing mail service yet has been organized and it is impossible to obtain postage stamps.

The authorities have acquired premises in the city to replace the general postoffice which was destroyed during its occupation as a rebel headquarters.

This afternoon two British soldiers were found badly scorched in the cellar of one of the buildings that had been held by the rebels. They had been taken prisoner early in the rebellion and did not know that it had been suppressed. The building, which was near the college had been set on fire by the Sinn Feiners before they evacuated it.

Postage stamps prepared by the short lived Irish republic have been found, ready for issue. They are printed in the republican colors, green, white and orange, with inset pictures of the three Manchester martyrs, Larkin, O'Brien and Allen, on a shamrock leaf. Beneath is a harp and the words "God Save Ireland."

EXECUTION BRINGS ONLY ONE PROTEST IN THE PARLIAMENT.

(ASSOCIATED PRESS TELEGRAM)

London, May 4.—The only protest voiced in parliament yesterday against the execution of the three leaders of the Sinn Fein rebellion, came from Laurence Ginnell, from the North Division of Westmeath, who is elected as a Nationalist, but is actually an Independent. The three leaders, Patrick H. Pearse, Thomas J. Clark and Thomas MacDonagh, were shot Wednesday morning after trial by court martial.

John Raymond, leader of the Irish parliamentary party, conferred with Sir Edward Carson, leader of the Irish unionists, in a plea for leniency toward the great mass of the revolutionists.

In the remarkable speech explaining his resignation as chief secretary for Ireland, Augustine Birrell, confessed that he miscalculated the strength and seriousness of the Sinn Fein movement. Mr. Birrell paid a tribute to the Irish race and said that he hoped good might come of the grave events in Dublin. "Irish soldiers," he said, "are still the best representatives of their country, fighting as they are in all theatres of the war."

formulate demands and deal with company officials.

Quiet prevailed throughout the night and the authorities expressed the belief that there would be no further trouble. Nearly 1,200 members of the Pennsylvania National Guard are now scattered throughout the strike zone. The Eighteenth Infantry arrived late last night from Pittsburgh and is being quartered in a building recently completed by the electric company. Two other regiments of infantry, the Tenth and Sixteenth, located in towns near Pittsburgh, are still being held in readiness for immediate duty, although their services may not be needed.

STRIKING WORKMEN AND EMPLOYERS TO HOLD CONFERENCE.

(ASSOCIATED PRESS TELEGRAM)

Youngstown, O., May 4.—Conferees were to begin here this forenoon between representatives of striking workmen and their employers to talk over grounds for a settlement. Employers in the eight companies affected by the strike of machinists, sheet metal workers and other workmen, were said to hold meetings with their own men. Mayor Carroll Thornton and Safety Director James H. Nutt had arranged for the conferences. About 1,500 men are striking, affecting 4,000 men. The plant of the General Fireproofing company, closed down entirely today, the strike had virtually suspended operations there. The Remable Rubber plant is still shut down.

The threatened strike at the Youngstown Sheet and Tube company had not developed today. A demand had been made that this company reinstate a number of engineers, machinists and electricians alleged to have been discharged on account of union affiliation. The company denies that any men were discharged for this cause.

DISCUSSION OF A SETTLEMENT IS POSTPONED.

(ASSOCIATED PRESS TELEGRAM)

Pittsburgh, May 4.—M. Herr, president of the Westinghouse Electric & Manufacturing company whose plants are closed because of a strike of 15,000 workers for a eight-hour day, told a committee of strikers today that he would be made to discuss a settlement with them until tomorrow. Federal and state officials are endeavoring to bring the company and men together. While almost a thousand state troops were on duty in the Turtle Creek valley and conditions about the closed plants were quiet, unrest was manifested in other parts of Allegheny county.

Seven hundred pressed steel car company employees joined the 2,000 already out, and the police were guarding the factory of the McKinney Manufacturing company on the North Side where girl strikers attacked those who refused to join their strike and ducked one of them in a horse trough.

The funerals of Michael Haverlicka and John Varigo, killed in the Braddock riot Tuesday were held today without incident.

All the wounded in the Braddock hospital were said to be improving. They will be taken to jail as soon as they can be moved.

The plant of the Aluminum company of America at New Kensington was shut down today by a strike of about 2,100 workers. The trouble began several days ago when twenty machinists demanded ten-hours pay for eight-hours work, but did not spread until this morning when the force left the shops without making any demand on the company. They immediately began marching about the village.

MACHINISTS STRIKE AT YOUNGSTOWN WAS DECLARED TODAY.

(ASSOCIATED PRESS TELEGRAM)

Youngstown, May 4.—A strike of machinists, stationary engineers and oilers occurred at the plant of the Youngstown Sheet and Tube company today, following a strike order issued by L. T. Worley, secretary of the Metal Trades Union. The men claim three hundred are out. The company officials say only a few have quit and that the plant is running to capacity in all departments.

T. H. Flynn, state organizer, said today the men struck because of the refusal of the company to heed demands at reinstatement of five men who were discharged for union activities. He says the men won't go back until they get an eight-hour day and that new demands will be framed at a conference today. The company denies discharging any union men for the reasons enumerated.

Conferences between striking machinists and members of other trades with employers looking towards peace were in progress at several plants today. They were arranged by Mayor Carroll Thornton and Safety Director J. H. Nutt.

ARRANGE A CONFERENCE.

(ASSOCIATED PRESS TELEGRAM)

Chicago, May 4.—A conference between representatives of the 10,000 employees of the International Harvester company who are on strike and officials of the company is set for today. Both sides have expressed the opinion that the strike can be settled without further trouble.

WARM WEATHER BRINGS OUT THE CANDIDATES

Eleven candidates for county positions, who will go before the county primaries in August, have filed their petitions with the county board of elections, and have paid the fees required by the new primary law. Four candidates for county commissioner, George Garlinghouse, Charles Lake, Nicholas Brown, Jr., and J. T. Oldaker paid fees of \$8.50. J. Henry Miller, candidate for state senator paid a \$5 fee; John S. Graham, and L. C. Davis, candidates for representative paid a \$5 fee. For county recorder, Albert A. Warman, W. A. Fleming and C. C. Bricker, had petitions and paid a fee of \$12.75. J. E. Brownfield filed his petition for candidate for sheriff and paid a fee of \$14.15.

There are numerous other candidates, but their petitions have not been filed. The primary election is on August 8.

F. McMillen Stanton, treasurer of the Mohawk and Wolverine Miner Company, began his career as a coal miner.

PRESBYTERIAL MEETING HELD IN MT. VERNON

(Special To The Advocate)

Mt. Vernon, May 4.—The forty-second annual meeting of the Women's and Young People's Presbyterian society opened in the Presbyterian church here today. Mrs. W. D. Fulton, president of Newark, is presiding and already 87 delegates have registered at the church. Thirty-seven of the societies of which there are 45 in the Zanesville Presbytery, are represented.

The opening session was held Thursday morning, and Mrs. Frank L. Beem of Mt. Vernon gave the welcoming address which was responded to by Mrs. E. P. Cook. A number of interesting reports from the different departments were given, and Mrs. Howard Campbell, a missionary from Lass, who is supported in the field by the Zanesville Presbytery gave an interesting address. Mrs. Grant Jones, a returned missionary from India, also told of her work.

Other prominent speakers present are Alice Wishart of the Foreign Field Board, and Robert Barr of the Freedman's Board, of Philadelphia.

Dinner was served at noon in the church and there will be an afternoon and evening session today. Friday the program will include the election of officers.

About twenty women from Newark are in attendance at the sessions several taking important parts in the program.

tration to permit exportations of arms and ammunition to the Carranza authorities, large quantities of which are said to be waiting shipment into Mexico. Assurances to that effect are said to have been given Mexican embassy officials as the result of conferences with state and treasury department officials.

CONFERENCE WILL BE ARRANGED TO BE A FINAL ONE.

(ASSOCIATED PRESS TELEGRAM)

El Paso, May 4.—Ratification of the tentative agreement for co-operation of American and Mexican troops in the dispersal of marauding bands was confidently awaited here today by those conversant with the situation.

General Scott's long dispatch to Secretary Baker late yesterday will be in President Wilson's hands today. An answer is not expected from Washington before late today and perhaps not until Friday.

Just as soon as the Washington government and the first chief are heard from a conference which probably will be final, will be arranged.

Mexican officials hope that the last conference may be arranged for tonight, but the American representatives were not so optimistic.

It was pointed out that the great fear of the Carranza government had been intervention by the United States and that the chief reason withdrawal of the troops had been asked was because it was feared a clash between them and the natives would bring on intervention. With the expeditionary forces confined to a limited area and the greater part of the bandit pursuit left to them, the Mexicans feel that the danger of such clashes has been minimized. They feel that they will soon be able to eliminate the bandit groups, thereby earning the withdrawal of General Pershing's columns.

The Mexicans see another cause for satisfaction in the prospective signing of a protocol. They regard the latest developments as further evidence of the intention of the United States to stand back of the de facto government, and believe they will have a marked effect in discouraging revolutionary movements.

P. H. Holly, a rancher, 15 miles northeast of El Rocio, near San Antonio, Mexico, was murdered with his Mexican foreman on the night of April 29 because he had acted as a scout for American troops who went to the Holly ranch to rid it of Villa bandits under Cardenas. This is the information contained in a dispatch from General Pershing to General Funston here today.

A detachment of the six infantry under Lieutenant Wetherell and guided by Holly was sent out on the morning of the 29th to run down the Villa band. They dispersed the band, killing two men whom they captured.

Holly stayed at the ranch that night. The next morning his body and that of his foreman were found. The dispatch did not state whether Holly was an American.

Advices received in Juarez today indicated that First Chief Carranza had accepted the terms agreed upon by his minister of war. The formal ratification will follow rapidly it is said, as soon as the word from Washington comes that the agreement is satisfactory.

General Oregon told his associates today that he saw no reason why the settlement should not be quickly effected and he believed that the tension between the Mexicans and Americans would quickly disappear when the news was spread that an understanding had been reached that had for its object the retirement of the American soldiers from Mexican soil.

General Oregon seemed gratified over reports that large mining companies were planning to operate their Mexican properties, thus giving work to thousands of persons.

There was nothing to suggest a possibility that the agreement might not be found acceptable in all its phases to the administration.

Clean Out the Waste—Head-
aches Disappear—The
Skin Clears Up—You
Feel Better Right
Away

Every day can be a good day; free
from foul breath, coated tongue,
pains in your side, dizziness, head-
aches and biliousness.

Only a small part of the food you
eat is nourishment—the balance is
waste and is passed from the stom-
ach into the intestines to be dis-
charged. If not removed promptly,
it ferments and turns to poison
which your blood absorbs. It makes
the skin yellow and feverish; gives
you a headache or makes you dizzy
and bilious. The stomach and bow-
els should be flushed and cleansed
each day by drinking a little Tollo
Water before breakfast.

Pour out about one-third of a tumbler
of Tollo Water and fill with
plain drinking water—hot if conven-
ient. The first glass will immedi-
ately relieve this constipated condition
and put you in shape for a cheerful
day. Continue to drink it each
morning and you will be done with
constipation.

You simply can't have good health
when the bowels are clogged. You
should not use drugs, they expel by
irritation and weaken the system.
Go to your druggist today, get a bot-
tle of Tollo Water, it only costs a
trifle, and start tomorrow morning
to free yourself from constipation.

This truly wonderful water comes
from Dawson Springs, in the hills of
Kentucky. Doctors send thousands
of people there each year to cleanse
their systems of the accumulation of
poison. There is no other water like
it. The first glass will convince you.

COBURN COMPANY

TO DISBAND HERE
FOR THE SEASON

The Coburn minstrel company will
disband here for the season, giving
their last performance at the Audu-
berton this evening. The Coburn
private car, used by the aggregation
will be shipped at the Jewett Car
Works for overhauling, and will be
ready for the opening of the next
season in August.

Mr. Coburn stated to an Advocate
representative this afternoon that he
has had a successful season and pre-
dicts that next year will be even bet-
ter. He stated that Bob Ray, a for-
mer Newark boy, had not been with
his company for several years and
that the last he had heard of him
was two years ago. Mr. Ray then was
traveling with a tented organization.
Members of the company will be en-
tertained at the Elk club rooms to-
night after the performance.

INFANT MORTALITY IN CINCINNATI IS REMARKABLY LOW

(ASSOCIATED PRESS TELEGRAM)

Cincinnati, May 4.—"Last year's
infant mortality rate was the lowest
in Cincinnati's history," declares
Health Officer Landis in the weekly
bulletin of the health department.
"There is good reason to believe that
the work of the 'little mothers'
leagues contributed very materially
to this splendid work and that their
work in the future will aid in bring-
ing about the 'irreducible mini-
mum'."

Simultaneously with the appear-
ance of the article which is devoted
to the "Little Mothers Leagues" the
originator of the idea of such
leagues in the local schools, assistant
Health Officer William H. Peters an-
nounced that arrangements have
been completed for a "Little Mothers
Day" here Thursday, June 15. The
1000 members will be given an out-
ing for themselves and their brothers
and sisters on this occasion.

REPUTATION

OF DEFENDANT PUT IN ISSUE
IN EMBEZZLEMENT CASE
AS STATE RESTS

Clem Baxter on Trial at London—
State Examiner Identifies Cer-
tain Papers.

London, O., May 4.—When court
convened today in the Clem Baxter
embezzlement case, the state rested
and the first witness, Robert E. Jones
of Lima, was called by the defense.
Mr. Jones stated that the reputation
of Clem Baxter, whom he had known
for 20 years, was considered good
by the citizens of Lima.

Attorney Kent Hughes, represent-
ing the defendant then attempted to
introduce photograph copies of two
letters taken from the check register
of the defunct bank, which had been
mutilated by spilling ink on them.
Mr. Ballard of the prosecution, ob-
jected on the ground that the mutil-
ated pages had no reference to the
case and that the state had produced
the persons whose bank records on
the day the bank was closed did
figure in the charges made against
Baxter. Judge Hornbeck sustained
the objection.

The next witness called was
George Walters, state bank exam-
iner, who told the jury of the transac-
tions that occurred at the bank the
night the money was counted follow-
ing the closing of the bank. The
witness identified certain papers
made out at that time.

REPUBLICANS OF WEST VIRGINIA IN CONVENTION

(ASSOCIATED PRESS TELEGRAM)

Wheeling, W. Va., May 4.—Seven
hundred delegates, representing ev-
ery county in the state, assembled
here this afternoon for the Republican
state convention for the selection of
four delegates at large and four al-
ternates to the Republican national
convention.

W. E. Wells, a pottery manu-
facturer of Newell, W. Va., was in-
troduced as temporary chairman, and
in his address urged a return to the
policy of protection and adequate
preparedness in military and naval
affairs. Among the names presented
for delegates will be those of Gov-
ernor Hatfield and former Senator
Davis Elkins.

The temporary organization was
made permanent, and the commit-
tees were appointed by senatorial
districts.

During the morning the state Re-
publican committee passed on con-
tested seats in the convention, recom-
mending the seating of the delega-
tion from Kanawha county headed
by Samuel B. Avis. There were 44
delegates involved in this contest.
In the contests from Wetzel and
Putnam counties, the seating of de-
legates certified by the chairman and
secretary of the county committees
was recommended.

LIBRARY STOPS CIRCULATION OF JUVENILE BOOKS

In pursuance of an order of the
Board of Health, the trustees of the
public library met in special meet-
ing and instructed the Librarian to
discontinue the circulation of juve-
nile books until further notice.

This will only prohibit the with-
drawal of books by juvenile readers
and will not prevent the use of the
same by children in the public li-
brary.

The above order was made neces-
sary because of the epidemic of chil-
dren's diseases in the city of Newark.
as the Health Officer thought it
might be a preventative measure:
although books which have gone into
houses having contagious diseases,
are never returned to the library and
are paid for by the persons having
possession of the same, when they
are able.

Ed Dwiggins Promoted.

Ed Dwiggins, former well known
Newark man, recently has been pro-
moted from the position of Assistant
Road Foreman of Engines, second
division of the main line, B. & O.,
to the position of train master of the
West End, third division. This has
been located at Cumberland, Md.,
but his new position will take him to
Rowlesburg, W. Va., his new head-
quarters. Mr. Dwiggins was for a
number of years connected with the
local B. & O. forces both in the
transportation and mechanical de-
partments.

ESTABLISHED IN 1829

Entered as Second Class Matter
March 10, 1882, at the post-office at
Newark, Ohio, under the Act of March
3, 1879.Ohio's Successful
Experiment.

(Cincinnati Enquirer.)
Having long ago passed the experimental stage, the Ohio workmen's compensation law can still be compared to its credit with common sense of other states. The main element of difference is that the Ohio system is based upon a state monopoly in part. While it permits private companies to participate in the business of insuring employees, it does not recognize them directly, dealing only with the employer, who is required to give security for the payment of benefits. In other communities the state fund is not established, but employees, under public supervision, furnish compensation through private companies or mutual associations formed for that one specific purpose. In these states, the record shows there is constant agitation and vexatious turmoil produced by the instability of ratings and the quarrels between the different classes of insurance companies, the labor unions and the employers.

From California now comes the announcement that the organized real estate men are proposing a law which will make the state liable for loss to workmen's compensation claimants through the failure of an insurance company licensed by the state, probably on the ground that the creator is liable for the actions of its creature. To balance this proposal it is intended to give the Superintendent of Insurance extraordinary powers in controlling the activities of financially weak companies. In several Eastern states, where compulsory rates for compensation are fixed by a rating board, stock companies are objecting that these are too high. On the other hand, the mutual companies have been declaring dividends. Application has been made to the courts in Massachusetts by stock companies for the right to use such rates as they believe are adequate.

None of these things arises in Ohio to disturb the peaceful workings of her own peculiar system, which, it is believed, is now a permanent fixture in government, sounding though it does toward state socialism. It may have been that the designers of the law builded better than they knew, but the fact remains that it is constantly growing in popularity and strength.

The Considerate Policy.

(Ohio State Journal.)
Colonel Roosevelt says President Wilson invites war by his timid policy, but there are many, very many people who think that he invites peace by his cautious and considerate policy. If these people were not in a majority we would probably have had a war long ago. The president is consulting the wishes of the people and he finds they are in perfect accord with his own views. It is fortunate we have that kind of president in these perilous times. The ordinary issues of politics don't figure these days, and the paramount object is to keep the country out of war, if it is possible to do so. Thus far the president has found it possible, and the universal prayer is that he will keep it that way. When this country goes to war, it wants to do so for some real reason and not on frivolous and capricious grounds. This republic is too great to be touchy and boastful.

DOCTORS USING
AMOLOX WITH
GREAT SUCCESS

This remarkable letter, coming
from a prominent physician engaged
in active practice for over 25 years,
proves the merit of this wonderful
new Remedy.

I have used Amolox in four dif-
ferent cases with excellent results.
All showed marked improvement
from the start. Two apparently are
cured, the skin being free from scales
and redness, and perfectly normal.

I consider Amolox a Remedy of
rare merit. I know of nothing in
the modern text-books that equals it
in therapeutic value.

IF KIDNEYS AND
BLADDER BOTHER

Take a glass of Salts to flush out
your kidneys and neutralize ir-
ritating acids.

Kidney and Bladder weakness re-
sult from uric acid, says a noted au-
thority. The kidneys filter this acid
from the blood and pass it on to the
bladder where it often remains to
irritate and inflame, causing a burn-
ing, scalding sensation, or setting up
an irritation at the neck of the blad-
der, obliging you to seek relief two
or three times during the night. The
sufferer is in constant dread, the wa-
ter passes sometimes with a scalding
sensation and is very profuse; again,
there is difficulty in voiding it.

Bladder weakness, most folks call
it, because they can't control urina-
tion. While it is extremely annoy-
ing and sometimes very painful, this
is really one of the most simple ail-
ments to overcome. Get about four
ounces of Jad Salts from your phar-
macist and take a tablespoonful in a
glass of water before breakfast,
continue this for two or three days.
This will neutralize the acids in the
urine so it no longer is a source of
irritation to the bladder and urinary
organs which then act normally again.

Jad Salts is inexpensive, harmless,
and is made from the acid of grapes
and lemon juice, combined with lith-
ia, and is used by thousands of folks
who are subject to urinary disorders
caused by uric acid irritation. Jad
Salts is splendid for kidneys and
causes no bad effects whatever.

Here you have a pleasant, efferv-
escent lithia-water drink, which
quickly relieves bladder trouble.

Hawkins' Re-election.

The Newark Board of Education's
unanimous re-election of Wilson
Hawkins as superintendent of public
schools for a five year term will
meet with universal approval.

Superintendent Hawkins has
brought the Newark schools to a
point of high efficiency. There is
harmony among the teachers, indus-
try among the pupils and marked
progress in the work that is being
done. Under Mr. Hawkins' direc-
tion, modern methods have been
adopted. The school boys and girls
are being trained for the work of
life. Domestic science, manual
training, physical culture, debating
and dramatic work, have their part
in the school calendar without neg-
lect of the usual features of school
routine.

Supt. Hawkins finds time to take
part in civic work and may always
be depended upon to do his share in
every effort that is directed toward
a better and bigger city. He is
broad-minded, fearless and capable.
The Advocate congratulates the
school board for re-electing him
without a dissenting voice.

Chewing Gum.

Recently a man standing with a
group of friends in a Newark news
depot opened a popular weekly to a
double page advertisement of chew-
ing gum. The "ad" was printed in
two colors and immediately the men
discussed the probable cost of the
advertisement. There was a general
exclamation of amazement coupled
with incredulity when the adver-
tisement announcement was made
that that single two page adver-
tisement cost the advertiser \$12,000.
How could the gum manufacturer
ever hope to get enough returns
through the sale of a five cent
article to pay twelve thousand five
hundred dollars for a single adver-
tisement in one issue of a paper?

The fact that the manufacturer
continues to use space lavishly in
this and other high class magazines
and newspapers shows rather con-
clusively that he must be getting
satisfactory returns. Few people
have any idea of the widespread
use of chewing gum.

The basis of chewing gum is
chicle, and chicle is the dried, milky
juice of the sapodilla tree—a
tropical product that is obtained
very much as is turpentine in this
country, by cutting a groove in the
tree and collecting the sap as it
oozes from the tree. Turpentine is
the distilled gum from the common
pine tree, whereas chicle is the dried
gum itself from the sapodilla tree.

The Dayton News points out that
we imported seven million pounds of
chicle last year. It costs more
than two and a half million dollars.
The year before we imported twice
as much, and this year, if we can
get it, we shall buy fifteen million

pounds of the gum, according to the
trade reports.

But inasmuch as chewing gum is
not made chiefly out of chicle, the
total tonnage of the imports of that
commodity by no means represents
the tonnage of the gum we carry.
Paraffine is also used in chewing
gum, in fact, the lower grades of
gum contain very little chicle and a
great deal of paraffine. So we have
no way of getting at the exact
amount of "chewing material" we
use in the course of a year. But it
is certain that it is mountainous.
The amount of chicle we import is
evidence of that. Or, the millions
and millions of dollars we spent for
gum is evidence that we require
tons of the stuff—or think we do,
which is the same thing. These facts
will indicate how general is the use
of chewing gum and will serve to
show why it is profitable to adver-
tise gum extensively and at great
cost.

As everyone continues in the
same old way, elbowing, jostling,
grabbing and trampling for the Al-
mighty Dollar, the stock brokers is-
sue glowing and optimistic state-
ments that all is well.

It seems pretty tough, when a
patriot is anxious to offer himself
in loyal service to his country, that
he can't get either an office or the
chance to go as delegate to a presi-
dential convention.

Secretary Baker of the War De-
partment is getting quite well
known now, but he need never ex-
pect to rival in fame his dis-
tinguished kinsman, Home Run Bak-
er.

After complaining because the
ball team gets rattled so easily,
some men will go to the grounds

paper before dipping into those dust
covered law books.

The fact that a man is acquiring
more skill in learning to run an au-
tomobile does not prove that he is
getting any less dangerous to the
public.

Who says public officials don't
neglect their duties, when so many
of them stick to their desks the
day the ball team opens the sea-
son?

The political war for choice of
convention delegates has now
reached the stage of gas attacks in
the newspapers.

Society

The Thalian Literary Society of the Newark High School will present "Alice in Wonderland" for the benefit of the Public Library at the High School auditorium on the evening of Friday, May 5 at 8:15 o'clock.

The cast is an excellent one and the fairy tale will be presented so that it will be enjoyable to both grown-up folks and the children. Seats will be reserved at Erman's drug store and on Saturday afternoon the play will be repeated at 2:30 o'clock for the benefit of the grade school children.

Three different parties of young women bowled at the Pastime alleys on Wednesday evening. On one alley were Mr. and Mrs. Justin Keeley, Misses Mary Keeley, Nellie Gorman, and Marguerite Connors. Messrs. Edward Duffy, John Gilbert and Geo. Duffy. In the Carroll party were Misses Agnes Murphy, Mary Guello, Lucille Webber, Charlotte Linden, Nellie Fronier, Anna Murphy, Ida Linden, Katherine Schaller and Genevieve Kennedy.

The office force from the Wehrle company played their second game. Misses Anna Bowman, Mary Niemel, Louise Reichart, Winifred Grady, May Barwick, Larie Swartz, Jessie Barwick, Margaret Stepler and Minnie Braddock.

A pretty wedding was solemnized on Wednesday evening, by Rev. Father B. M. O'Boylan, pastor of St. Francis de Sales church at the parsonage of the church, when Miss Dorothy Kelley and Mr. Charles Dean were united in marriage.

The hour of the ceremony was 6:30 o'clock and the bride wore her traveling suit of blue cloth with a white leghorn hat trimmed in blue. The bride flowers were a corsage

bouquet of sweet peas and roses. She was attended by her sister, Miss Hazel Kelley, who wore a suit of midnight blue cloth with a white and pink hat. Her flowers were sunburst roses and sweet peas. Mr. Dean's best man was Mr. George Behrens of Lancaster.

Following the ceremony a wedding dinner was served the immediate families at the bride's home in Hoover street. The appointments were in pink, the bride being centered with a basket of pink roses and the candles were shaded with pink. The place cards were dainty hand painted rose cards.

Mr. and Mrs. Dean left for a trip to Detroit and Niagara Falls and on their return will be at home in St. Clair street. The bride is the daughter of Mr. and Mrs. Dean Kelley of Hoover street and has been employed in the office of the Newark steam laundry. Mr. Dean is the son of Mrs. Carrie Danford of St. Clair street and is employed in the Orpheum pool room.

Announcements reading as follows have been received by Newark friends:

Mr. Sperry is well known to many Newark people. His home is in Utica, O.

Miss Mary Stare entertained with a kitchen shower at her home in North Fifth street, honoring Mrs. Wayne Dean. The hours were devoted to five hundred and the souvenirs were awarded to Mrs. Day and Miss Mary Baxler, the latter bestowing hers upon the honor guest.

A dainty luncheon was served the following: Mrs. Leo Conlon, Wayne

Day, Helen Bader, Helen Schaller, Marguerite Kureth, Josephine Egan, Edna Street, Mary Kennedy, Margaret Dwyer, Loretta Dolan, Mary Baxler, Julia McCarty, Veronica Stare, Marguerite Stare, and Lucille Conlon.

The Harmonious Embroidery club met on Tuesday afternoon at the home of Mrs. William Shamp. After the usual business session the hours were spent in needlework and a contest in which Mrs. J. E. Brunner and Mrs. S. U. Swain carried the honors. The hostess served a delightful course luncheon, tulips and smilax being used to form the centerpiece for the luncheon table. The guests of the club were Mrs. Eugene Hartshorn and Mrs. Ned Miller.

The Loyal Beroans class of the Central Church of Christ will be entertained this evening at the home of Miss Lula Host, 350 Woods avenue.

Miss Esther Mayer entertained the members of the Young Women's class of the Central Church of Christ on Tuesday evening at her home in Broad street, when the announcement of her engagement to Mr. Frank Robinson was made. The wedding will take place in June.

The announcement was made when little Miss Virginia Hawke came into the room with a bag from which she released a kitten with the card bearing the announcement around its neck.

Following congratulations a dainty luncheon was served to about sixteen guests. Miss Mayer is the daughter of Mr. and Mrs. Peter Mayer of 270 Broad street and is a teacher in the Hartzer building. Mr. Robinson resides in Wing street and is a clerk for the P. C. & St. L. railroad company.

The marriage of Mr. William Deeds and Mrs. Mary E. Faron was solemnized at St. Francis de Sales church Tuesday morning at eight o'clock by Rev. Father Ruane. The bridegroom's best man was Leo Faron, son of the bride, while the bride was attended by Mrs. Kate Eshelman.

Following the ceremony a wedding breakfast was served at the bride's home in Pataskala street to the immediate families.

A reception was tendered them in the evening by their friends, numbering about 75.

A number of friends were guests at a delightful surprise party given on Mr. John Price at his home north of Hebron Saturday evening. The occasion was his birthday anniversary and the hours were informally spent and a dainty luncheon served. The guests were Mr. and Mrs. J. T. Kirk and daughter, Mr. and Mrs. Bert Price and daughter, Mr. Cal Arnold and family, Mrs. Eugene Blade, Mr. and Mrs. Bradford Bollwine, Mr. and Mrs. William Merrick and daughter, Mr. and Mrs. Nate Price and family, Mr. and Mrs. Charles Huber, Mr. and Mrs. Harry Caughenbach, Mr. and Mrs. H. Frichen and son, Mr. Park Lynn, Mr. and Mrs. Elisha Kirk, and Mr. B. M. McGinnis and family.

The Sick.

Mrs. George Place was removed in the Bradley ambulance from the City Hospital to her home in the Chatham road, west of St. Louis.

Obituary

Mrs. Elizabeth Owen.

Mrs. Perry Rank of this city received a telegram this morning announcing the death of her sister, Mrs. Elizabeth Owen, 72, at the home of her daughter, Mrs. Charles Carpenter in Chicago. Mrs. Owen died at 4 o'clock Thursday morning. She was a resident of Granville, for many years, and spent a few years in Newark. She is survived by two sons, Charles Owen and William Bishop Owens of Chicago, and one daughter, Mrs. Charles Carpenter of Chicago. Also one sister, Mrs. Perry Rank of this city.

The body will arrive in Newark about 8:30 Friday morning over the Pennsylvania lines, and will be taken to Granville where short services will be held and interment will be made.

Edmund Boggs.

Edmund Boggs was born September 10, 1846, and departed this life May 3, 1916, aged 69 years, 7 months and 23 days. He was the son of John and Katherine Boggs, early settlers near Bladensburg, Knox county, O. He was united in marriage to Miss Phebe Horn, January 8, 1872, who with one daughter, Mrs. Etta Wallace, one son, Mr. Ray Boggs, and four grandchildren are left to mourn the loss of a kind and affectionate husband and father. Thomas Boggs of Louisiana, John Boggs of Bladensburg, Mrs. Miller Henry of Newark, Mrs. A. J. Blount of Bladensburg, and Mrs. Ola Darling of Mr. Vernon are brothers and sisters. Other relatives are left to mourn.

Funeral services will be held at the home, 15 North Fifth street, Friday afternoon, May 5, at 1 o'clock. Funeral will be private. Friends please omit flowers.

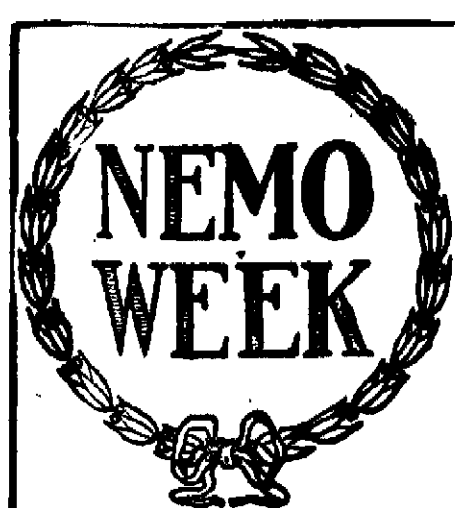

Curtis E. Comer.

Curtis E. Comer, janitor at the High school building in this city, died at his home, 79 Western avenue this morning at 8 o'clock, after a prolonged illness with Bright's disease. Mr. Comer was born January 24, 1862, and after following his trade of a miller for some years accepted the position of janitor of the Central school July 4, 1894. He was appointed janitor of the High school in April, 1895, and continued in that capacity until his death. He was a man well liked by all who knew him, was companionable and sociable and an excellent workman and commanded the respect of principals, teachers and scholars. He was painstaking in all his undertakings and his care of the High school building was highly commended by the board of education. He is survived by his wife and four children, Harry, Percy and Clint Comer and Mrs. Sophia Smith, all of this city.

The funeral will take place from the home Saturday afternoon at 2 o'clock, Rev. Calvin G. Hazlett officiating.

Unbounded enthusiasm prevails in the Women's Suit Department these days, because of the radical lowering of prices on both our medium priced and our finer and more exclusive models.

It is unusual to present opportunities like this at the height of the season, but it is another evidence of this store's leadership in offering economies when they are most needed.

THE GOOD laundress appreciates all the good points of white clothing.

The frequent changing of light colored hose owing to visible soil, lengthens the life of stockings. The acid of perspiration, which causes much of the hose troubles, cannot take effect in one or two days' wear.

Foot comfort, style, looks and foot health, also indicate the greater desirability of Wayne Knit white and colored hose. We've sold Wayne Knit long enough to know that no other brand will give our customers the uniform satisfaction they expect from our merchandise.

Rev. J. T. Haller has been called to Buffalo on account of some business transaction. While there he will also visit a sick aunt who is reported to be very ill, and his brother who has been sick for the last three years. Dr. C. L. Williams of Granville, will preach for him next Sunday morning.

Miss Grace Nolan, cashier at the Lyric theatre, is visiting friends and relatives in Zanesville.

John Garret of Zanesville is looking after business interests in Newark today.

John Mueller of Pittsburgh is a Pittsburgh caller in the city today. Joseph Camerding who has been located in Cleveland for the past two years has returned to Newark.

J. W. Coffey of Indianapolis, Ind., is spending the day with friends in Newark.

Mrs. T. B. Smouse and little granddaughter Mary Elizabeth Weibel of Jefferson street, have returned home after spending several weeks in Fairmont, W. Va.

Mrs. John Leonard of Detroit, Mich., is visiting friends in the city.

Music

Mrs. Marguerite Manley Seidel, Mrs. Elsa Weibacher Wray, Misses Eleanor Kopp, Mary Alva Russell, Martha Martindell, Goldie Mede and Mr. Edwin Stainbrook all of Columbus, arrived in the city at noon today to take part in the May Festival in the First Presbyterian church this evening. Quite a delegation of Columbus people accompanied them who will attend the musical.

Keep Your Skin Clear and Healthy. There is only one way to have a clear, healthy complexion and that is to keep the bowels active and regular. Dr. King's New Life Pills will make your complexion healthy and clear, move the bowels gently, stimulate the liver, cleanse the system and purify the blood. A splendid spring medicine. 25c at your Druggist.

ION-O-LEX

APPENDICITIS

How Hundreds Have Been
Saved From Dangerous
Operation

As abscess formation usually commences in about 24 hours after acute inflammation has set in, curative measures must be used at once if an operation is to be avoided in the case of appendicitis. After the abscess forms, the knife is the only hope. Should the attack occur at night, invaluable time is often lost before a doctor can arrive and the gravest danger often results from delay.

Since appendicitis has become so prevalent and its attack is so insidious and not frequently fatal, it is the height of folly to be unprepared for them. Thousands therefore will welcome the information that an English Scientist has discovered an absolutely harmless remedy which has yet to fail in a single instance if used before the abscess has formed.

In England this remedy Ion-o-lex is not offered to the public at all, but is sold to the medical profession only, among whom it has met with remarkable success, not alone in appendicitis, but in a large range of other dangerous and obstinate diseases of an inflammatory character, such as pneumonia, bronchitis, erysipelas, etc., etc., which so often completely baffles the practitioner.

first time in history a safe and reliable remedy for inflammatory diseases, both acute and chronic. This statement is fully confirmed by Dr. J. H. Wilson, a prominent English physician who, in an article in the "Medical Press," Dec. 9th, 1911, stated as follows:

"In acute uncomplicated appendicitis, its administration at the commencement of the attack will rapidly remove all pain and signs of inflammation, and bring the temperature down in the course of a few hours to normal."

"A large number of cases of acute pneumonia (double and single), acute broncho-pneumonia, and acute bronchitis, have now been treated by this method, and in every case the temperature has been reduced to normal in a few hours with a rapid relief of symptoms."

"I have seen many cases of acute tonsillitis and laryngitis disappear overnight, and in erysipelas, with high temperature, have obtained relief from pain and redness, with a rapid fall of temperature in a few hours."

"Every case of acutely inflamed piles and fistula in ano, has been entirely relieved of pain and inflammation by the application of Ion-o-lex."

"The writer mentions many other obstinate and dangerous diseases as equally amenable to this treatment, and finally states as follows: 'I am very much impressed with the fact that the more prompt the inflammation is relieved, the more prompt the result. The method is so simple in its application, and so free otherwise from danger, that its adoption by the medical profession will result in a reliable remedy for the most acute inflammation which ought to be applied at the earliest moment possible.'"

"These are indeed strong words, coming as they do from a highly qualified physician who has the honor, among other distinctions, to be lecturer to the London County Council."

"There are but few households where Ion-o-lex is not now needed, and none where it should not be always at hand for immediate use."

"You can buy Ion-o-lex in Newark from Evans Cut Rate Drug Store and other reliable druggists. It is sold under guarantee—money refunded if it does not stop inflammation."

Markets

Iron Trade Review.
Cleveland, Ohio, May 4.—The Iron Trade Review today says: Labor conditions dominate the market this week. In spite of the violence at Pittsburgh, the labor situation in general is not as alarming as it appeared to be. One of the encouraging features is that thousands of steel works employees when attacked by strikers are showing their loyalty to their employers and are rendering valuable service in defending attacked plants. Some workmen, owing to liberal advances in wages, have become more efficient and more capable. The pig iron market is only fairly active and prices are not as high as they are in finished materials. Some Buffalo furnaces have made liberal concessions during the past few weeks and have taken on large tonnages.

GILLIGAN WILL BE WITNESS IN HIS OWN BEHALF

Cincinnati, May 4.—The hearing of charges against International Revenue Collector Gilligan being conducted by John T. Doyle secretary of the United States civil service commission and Walter Warwick comptroller of the treasury likely will come to an end today. Mr. Gilligan will be the final witness. The place of hearing was transferred to day from the office of Marshal Devanney to Collector Gilligan's office as many of the latter's books, papers and records are to be examined. While the hearing is being held secretly it was announced that Mr. Gilligan will enter denials to the charges made by former employees under him that the dismissals were the result of Gilligan being politically biased. The collector says he will prove that he was justified in dismissing the men.

CHILD INJURED BY AUTOMOBILE.

Van Wert, O., May 4.—Florence, 8-year-old daughter of Judge Edward S. Matthias, of the state supreme court, was run down yesterday by an automobile by J. C. Warren. Her left leg was broken at the hip and it is feared that she sustained internal injuries also. Her twin sister just escaped the wheels. No action will be taken against Warren, the accident, it is declared, being unavoidable.

Let Resinol Make Your Sick Skin Well

That itching, burning skin can almost certainly be healed! The first use of Resinol ointment seldom fails to give instant relief. With the help of Resinol soap, this soothing, healing ointment usually clears away all trace of eczema, ringworm, rash or similar tormenting skin-diseases quickly and at little cost. Physicians have prescribed Resinol ointment regularly for over twenty years, so you need not hesitate to use it freely. Sold by all druggists.

Is Your Toilet Soap Injuring Your Skin?

Many toilet soaps contain harsh, injurious alkali. Resinol soap contains absolutely no free alkali, and to it is added the Resinol medication. This gives it soothing, healing properties.

Photo-play service. This company has some of the world's most noted stars under contract. Some of the coming productions of this company are "Two Men of Sandy Bar," "A Youth of Fortune," "Her Bitter Cup," "Brigadier Gerard," and others.

Olenyung Park.
To devote 100 acres of ground within the limits of a large city to an amusement park is something almost unheard of, but this is what J. W. & W. J. Dusenbury have done at Columbus, where their magnificent Olenyung Park is located.

All kinds of amusements are found in this big park, the variety being too great to enumerate. Many of the amusements are novel and original and are found in no other amusement resort. One of the features is the great steel dancing pavilion where a double orchestra furnishes delightful music during the entire afternoon and evening. There are also free open-air band concerts and numerous other free attractions for the entertainment of the public.

The big park is now open for the season and special attractions are presented every Sunday.

A Receipt in Full.
In the presentation of A Receipt in Full at the High School Auditorium on next Monday evening the people of Newark will have an opportunity of seeing some of the best talent in the city. The leading character, Bud Fisher, is taken by "Shan" Loughman, who is considered the best comedian in Newark. The other characters are well represented and the entire play abounds in humor. Every person gets his money's worth in laugh. Don't miss it. Tickets can be secured at the Drug Store.

GRANVILLE R. F. D. 1

Mr. and Mrs. L. A. Woolard and Bryan and Martha Woolard, spent Sunday in Hebron and Buckeye Lake.

Miss Blanch Brown who has been confined to her room with the measles is able to be around again. Mrs. Will Woolard was given a surprise Saturday evening when on returning from town she found her house filled to overflowing with guests and covers laid for thirty. The evening was spent in out-door games for the young people and social conversation for the elders. Mr. Fred Pickett of Virginia sang several solos accompanied by Mr. Will Woolard on the banjo. At a late hour all departed for home.

Mr. Henry Board is seriously ill at this writing.

Mr. Dick Evans and Clyde Fravel were visitors at Buckeye Lake Sunday. Dick says fishing was never better.

Mrs. Daniel Williams called on Mrs. George Case Sunday.

INSTALLATION OF WOODSIDE PASTOR.

The installation of Rev. D. A. Greene as pastor of the Woodside Presbyterian church will take place on Friday evening, May 5, services beginning at 7:15. The following committee of the Zanesville Presbytery will have charge of the ceremony.

Rev. W. H. Belfry will preside and propound the constitutional questions.

Rev. E. D. Barnes of Granville will preach the sermon. The charge to the people will be delivered by Dr. C. G. Hazlett, and to the pastor by Rev. Don D. Tullis.

The public is cordially welcome.

DOUBLY PROVEN

Newark Readers Can No Longer Doubt the Evidence.

This Newark citizen testified long ago.

Told of quick relief—of undoubted benefit.

The facts are now confirmed. Such testimony is complete—the evidence conclusive.

It forms convincing proof of merit. Mrs. C. L. Starr, 89 Hancock St., Newark, says: "For years I was run down from kidney and bladder trouble. I was weak and had backaches and headaches made me miserable. Doan's Kidney Pills did me a lot of good, giving me strength and energy and making it possible for me to rest well." (Statement given August 9th, 1910.)

Doan's Always Effective.

OVER FOUR YEARS LATER, Mrs. Starr said: "Every spring and fall I take a box of Doan's Kidney Pills. They act as a tonic to my kidneys. Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Starr has twice publicly recommended. Foster-Milburn Co.,

Every Woman Should Use
Every Week Shampoo

To Preserve Her Hair

If women would use an Anti-Septic Oil Shampoo instead of the soaps and shampoos now so commonly used, they would improve rather than injure the delicate hair plants.

The hair plant is an oil plant and to wash it with soaps or shampoos containing free alkali works great injury. It not only cuts the natural oil of the hair but it destroys the fatty roots of the hair plant causing the hair to come out.

EVERY WEEK ANTI-SEPTIC OIL SHAMPOO cleanses and purifies the scalp dissolves and removes dandruff, opens the clogged hair-cells and leaves the scalp soft and healthy.

It leaves the hair soft, lustrous, fluffy and easy to handle.

Excellent for men and children also. A large bottle holding 64 teaspoons fuls 50c at

ASHBROOK

UNSUCCESSFUL AGAINST PORK-BARRELLERS SUPPORTING OMNIBUS GRAB BILL.

Motion Lost to Recommend Favorably Meritorious Proposition As Separate Measure.

Washington, May 4.—Representative William A. Ashbrook of Ohio went up against a pork barrel brace game yesterday and was knocked out in the first round.

A meritorious and urgent bill has been introduced for the sale of the Marine Hospital property in Cleveland and the purchase of a site and erection of a new hospital there. This would not cost the government a cent, but would bring money to the federal treasury, as the present Marine Hospital property will sell for more than enough to buy a site and erect a hospital farther out. The construction of a new union depot in Cleveland hinges on securing the present Marine Hospital reservation for terminals, and therefore the bill that is pending is of momentous importance to that city.

In the committee on public buildings and grounds, Ashbrook moved that the bill be reported favorably so that it may be passed without waiting for the omnibus building bill. The pork barrelers on the committee fairly howled their opposition. For an hour and a half the debate waged fast and furious. The pork barrelers frankly admitted that, if the good propositions like this one are taken out of the bill, the omnibus pork grab measure will stand no show of passage. Ashbrook's motion finally was voted down. The only three who voted for it were Ashbrook and Mooney of Ohio and Elston of California. Nine members voted against the motion.

Zinc production of the United States during 1915 amounted to 500,000 tons.

THE TRUTH ABOUT ECZEMA AND PILES

Thousands and thousands of people, says Peterson, are suffering every week that one box of Peterson's Ointment will abolish Eczema and Piles, and the grateful letters I receive every day are worth more to me than money.

I had Eczema for many years on my head and could not get anything to do it any good. I saw your ad and got one box and I owe you many thanks for the good it has done me. There isn't a blotch on my head now and I couldn't help but thank Peterson for the cure is great. Mrs. May's Mail, 420 Third Ave., Pittsburgh, Pa.

I have had itching piles for 15 years and Peterson's is the only ointment that cures me, besides the piles seem to have gone. A. B. Reger, 1127 Washington Ave., Racine, Wis.

Use Peterson's Ointment for old sores, skin rheum and all skin diseases. Druggists recommend it.

DON'T BE THIN AND SKINNY.

New Treatment Will Make You Fat. "I have been thin for years and began to think it was natural for me to be that way. Finally I read about the remarkable process brought about by the use of Tonaline Tablets so I decided to try them myself. Well, when I look at myself in the mirror now, I think it is somebody else. I have put on forty pounds during the last forty days, and never felt stronger. Tonaline Tablets are a powerful inducer to nutrition. Increases cell-growth, food, increases the number of blood-corpuscles and as a necessary result build up muscles, and solid healthy flesh, and rounds out the figure.

For women who can never appear stich in anything they wear because of their thinness this remarkable treatment may prove a revelation. It is a beauty maker as well as a form builder and nerve strengthener.

Go to your druggist and get a box of Tonaline Tablets and you will always go to the table with a hearty appetite, and what you eat will taste good, because your stomach and intestines will be clean and fresh, and you will know there are not going to be any more bad nights and miserable days for you. Tonaline tabs freshen you and make you feel like life is worth living. For Sale by Frank D. Hall.

LORIMER

ACQUITTED OF CHARGE OF EMBEZZLEMENT CONNECTED WITH BANK FAILURE.

Former U. S. Senator Now Will Try to Reimburse Depositors Who Lost Their Money.

(ASSOCIATED PRESS TELEGRAM)

Chicago, May 4.—William Lorimer, former United States senator who last night was acquitted of charges of embezzlement and conspiracy to defraud in connection with the failure of the La Salle Street Trust & Savings bank while he was president of the institution, said he would start out today to accumulate money with which to reimburse depositors who lost by the failure.

The case has been on trial for 79 days in the superior court of Cook county and was given to the jury last night. After more than six hours deliberation the jury rendered its verdict shortly after midnight. A federal indictment charging misapplication of the funds of the La Salle Street National Bank, which later was denationalized and became the La Salle Street Trust & Savings bank, is pending against Mr. Lorimer.

Lorimer's defense in the case just closed was that although he was president of the bank, C. B. Munday, its first vice president, was in active charge and that the crimes of which he was accused were committed by Munday. The latter was convicted last November on charges similar to those of which Lorimer was acquitted and was sentenced to five years in the penitentiary.

SUICIDE AT PORTSMOUTH.

(ASSOCIATED PRESS TELEGRAM)

Portsmouth, O., May 4.—Albert Wilkoff, 25, married, former city fireman, was found dying in the front yard of his home here this morning, having drunk poison with suicidal intent. He died on the way to the hospital. Domestic troubles are thought to have been the cause.

Not a Bite of Breakfast Until You Drink Water

Says a glass of hot water and phosphate prevents illness and keeps us fit.

Just as coal, when it burns, leaves behind a certain amount of combustible material in the form of ashes, so the food and drink taken day after day leaves in the alimentary canal a certain amount of indigestible material which if not completely eliminated from the system each day, becomes food for the millions of bacteria which infest the bowels. From this mass of left-over waste, toxins and ptomaine-like poisons are formed and sucked into the blood.

Men and women who can't get feeling right must begin to take inside baths, before eating breakfast each morning drink a glass of real hot water with a teaspoonful of limestone phosphate in it to wash out of the thirty feet of bowels the previous day's accumulation of poisons and toxins and to keep the entire alimentary canal clean, pure and fresh.

Those who are subject to sick headache, colds, biliousness, constipation, others who wake up with bad taste, foul breath, backache, rheumatic stiffness, or have a sour, gassy stomach after meals, are urged to get a quarter pound of limestone phosphate from the drug store, and begin practicing internal sanitation. This will cost very little, but is sufficient to make anyone an enthusiast on the subject.

Remember inside bathing is more important than outside bathing, because the skin pores do not absorb impurities into the blood, causing poor health, while the bowel pores do. Just as soap and hot water cleanses, sweetens and freshens the skin, so hot water and limestone phosphate act on the stomach, liver, kidneys and bowels.

SPARTAN ART WOOD STAINS

"The Stains Made With Brains"

The practical painter's one best bet.

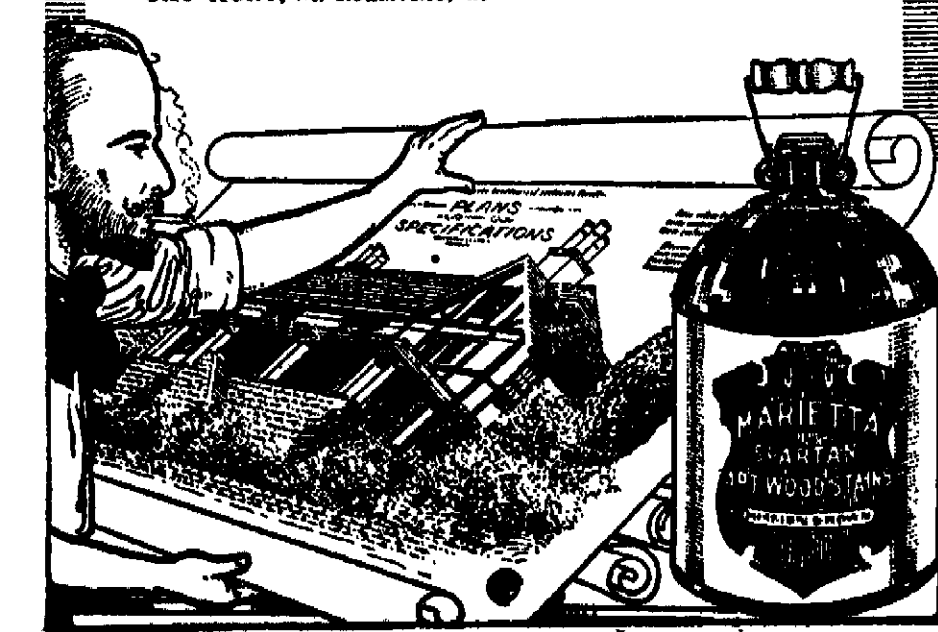

For producing any standard finish, Golden Oak, Mahogany, etc., or any of the popular flat or mission effects, old English, Flemish or fumed finishes. They work up equally as beautiful under a varnish or rubbed surface, bringing out the grain and heightening the natural beauty of the wood.

These stains are scientifically prepared from carefully worked out and tested formulas.

All persons interested in building should see that these superior stains are specified.

Made by the makers of Spartan Art Wall Finish, Spartanite, the "always white" enamel, Aurora Mixed Paint and Spartana.

For Sale By MARIETTA PAINT & COLOR CO., General Offices, 28 Arader, D. C. WETZ, 506 East Main Street; E. G. VANATA, 406 North Fourth Street; F. G. DUKAN, Corner Williams and West Main; R. L. Williams, 322 Hudson Ave.; JAY HUNT, St. Louisville, O.

Don't Stay Gray

Tint your hair to the shade desired with "Brownatone." This new preparation is far superior to any mixture that contains henna, sulphur, silver, lead or similar preparations. The ends are not damaged. There is no danger of an itching or poisoned scalp when you use "Brownatone," for this simple preparation positively contains no lead, mercury, silver, sulphur, zinc, antimony, or any other products of their kind. You just brush or comb it into the hair and presto!—your gray hairs instantly disappear—your hair is a beautiful and uniform color throughout—the ends are as dark as the balance and you have any shade desired from a light brown to a black. Just a treatment's "touching up" once a month and no one can ever detect it.

No rubbing, or washing off—no fading. Prepared in two shades—one to produce golden or medium brown, the other, dark brown or black. Two sizes—5c and 10c.

We will send absolutely free, for a short time only, a sample bottle of "Brownatone" if you will send us your name and address accompanied by 10c to help pay postage and packing. No samples at dealers. This offer is made for you to try "Brownatone" Hair Tint, and find for yourself just how superior it is to all so called "dyes," hennas, etc. The Kenton Pharmacy Co., 99 Pike Street, Covington, Ky.

Sold and guaranteed in Newark by R. F. Collins, Evans Drug Store and other leading dealers.

WILSON HAWKINS RE-ELECTED FOR FIVE-YEAR TERM

Superintendent Wilson Hawkins has been honored by the city board of education by being unanimously re-elected superintendent of the Newark public schools for a term of five years at a salary of \$3,000 per year, an increase of \$100 over his present salary.

SUPT. WILSON HAWKINS.

Mr. Hawkins was elected superintendent of the local schools five years ago for a period of two years at \$2,500 per year. So satisfactory were his services that he was re-elected at the expiration of his first contract for a period of three years at a salary of \$2,800.

Supt. Hawkins is recognized as one of the foremost educators in the country. He has placed the Newark schools on a high plane and they are recognized as being among the best in the state. Many innovations have been made by the superintendent which has materially advanced the

educational methods in vogue in the various buildings.

Several months ago the Newark superintendent was importuned by friends to seek the appointment of state school commissioner at the hands of Governor Frank B. Willis. Mr. Hawkins did not care to leave his present field of labor and consequently did not seek the honor, although his name was considered by Governor Willis for the appointment until he learned that the Newark educator would not accept the appointment if tendered him.

The re-election of Supt. Hawkins as head of the local schools will be welcome news to all those interested in the cause of education. He is well liked by not only the patrons of the schools but by the pupils as well and all will be pleased to hear of his retention by the local board.

DISEASE

Disease is principally a lack of attention to the human organization, combined with headlessness to repeated warnings.

To Rid Child of Worms.

Don't scold the fretful, nervous child. Often its due to worms. Get rid of these by giving one-half to one lozenge Kickapoo Worm Killer, a laxative worm candy. Give only plain nourishing food, lots of out-door exercise and put to bed early. Watch stools and continue giving Kickapoo Worm Lozenges, they will positively remove the worms. 25c at Druggists.

CONSERVATION CONGRESS HELD FINAL SESSION

(ASSOCIATED PRESS TELEGRAM)

Washington, May 4.—The national conservation congress at its final sessions today still was excited over yesterday's action by which it voted 119 to 39 to recommend legislation which would allow the government to grant water power sites to private interests. The program today was devoted mainly to reports as factors in a preparedness campaign.

The minority of delegates were much disappointed over loss of their fight, led vainly by Gifford Pinchot, to prevent endorsement of the Shields bill, pending in congress. They charged openly that the conservation meeting was packed by representatives of water power interests who desired passage of the bill as a means of securing private control of stream sites now held by the government. This charge was denied vehemently by speakers in behalf of the Shields measure, who explained that they wanted only honest development of water power for the sake of national prosperity.

Miss Susanna Cocroft, of Chicago, a health advocate, in an address today urged creation of a federal board of health subjects. This should be directed particularly at mothers, she suggested.

Other speakers included Dr. Harvey W. Wiley, pure food expert; Miss Cora W. Stewart, of Frankfort, Ky., who discussed "Prevention of Illness"; Prof. Edward Orton of Columbus, O., who advocated military engineering courses in land grant colleges and universities; and Dr. P. P. Claxton, United States commission of education.

THE RAILROADS

Distributing Laborers.

The Baltimore & Ohio Railroad company today distributed several car loads of laborers along the line of the Newark division. For several weeks there has been a scarcity of laborers on the Newark division and local officials have advertised extensively for men.

Yesterday and today several cars loaded with laborers arrived in Newark from the north. Some of the men were sent to Zanesville and the others kept in Newark for track repair work. The spring repair work on the Newark division has been delayed on account of laborers, but each day sees a new gang of workmen arriving and being distributed along the line.

Stuart Held Conference.

F. L. Stuart, Chief Engineer, Baltimore and Ohio System, with headquarters at Baltimore, Md., held a conference with officials of the line at Cincinnati yesterday, and left at noon over the Cincinnati, Hamilton and Dayton Railroad for Toledo.

Swifts Found Guilty.

Chicago, May 4.—The packing firm of Swift & Co., yesterday was found guilty by a jury in the Federal Court of violation of the interstate commerce laws. The maximum penalty which can be imposed is a fine of \$25. The Government charged that the company shipped less than car load lots to points in Michigan at car load rates.

Avoid Spring Colds.

Sudden changes, high winds, shifting seasons cause colds and grippes, and these spring colds are annoying and dangerous and are likely to turn into a chronic summer cough. In such cases take a treatment of Dr. King's New Discovery, a pleasant Laxative Tar Syrup. It soothes the cough, checks the cold and helps break up an attack of grippes. It is already prepared, no mixing or fussing. Just ask your druggist for a bottle of Dr. King's New Discovery. Tested and tried for over 40 years.

State School for the Deaf, will de-
liver the address.

Arthur Davis Returned.
Arthur Davis, the barber, formerly
of this city, but for the past sev-
eral months located in Akron, has
returned to Newark. He has gone
back to his old position at the Ath-
erton Barber Shop, in West Main
street.

Come To The High School
Friday Night, May 5, and the
"White Rabbit" will conduct you
with "Alice" through "Wonderland."
Matinee for Children Saturday, May
6th. Both performances Public Li-
brary benefits.

Landed Big Catfish.
Ralph Criss, son of David Criss, of
the firm of funeral directors in
West Main street, landed a catfish
yesterday which tipped the scales at
five and a half pounds. It was
caught by ordinary hook and line in
a brook near Black Hand and Mr.
Criss stated that it gave him quite a
tussle before he succeeded in landing
it. It was served at the home of his
parents for dinner today.

Attending Conference.
Hon. W. D. Fulton is in Columbus
today attending a conference of
Democratic party leaders. The New-
ark man is a candidate for the nom-
ination of secretary of state and has
received many assurances of support
from all sections of the state.

Dode Kept Busy.
"Dode" Kuster of McDaniels res-
taurant started out after mushrooms
yesterday and he certainly had good
luck as he returned with six quarts
of the delicious fungi. Mr. Kuster
states that they are not hard to get
if the proper method is pursued, but
he did not say what that method
was. His father, Joseph Kuster,
was fortunate in securing two quarts,
not being quite as active as his son.
Crowd at Lake.

The warm weather of today caused
many local anglers to get out their
fishing paraphernalia and journey
to the lake. Boats were in demand
and thick upon the water long be-
fore the breakfast hour. A number
of good catches were reported.
K. of C. State Convention.

Several delegates and a number of
visitors from the local Knights of
Columbus will attend the state con-
vention of the order which will be
held at Akron next week, May 8
and 9.

Large Graduating Class.
The commencement for Ohio State
University at Columbus will be held
early in June at which time a class
of over seven hundred will graduate,
among whom are several Licking
county students.

Rising Temperature.
There was a difference today of
sixteen degrees in temperature over
that of yesterday, when the ther-
mometer registered 50 degrees. Con-
tinued fair weather is promised for
tonight and Friday.

Celebrates Anniversary.
Charles Henry of West Park
Place, is celebrating his natal an-
niversary today by entertaining a num-
ber of his friends at his cottage on
Gibson Island with a fish dinner and
all of the good things that is sup-
posed to accompany such a feast.
Mr. Henry modestly admits to hav-
ing passed the fortieth mile post in

life's journey, and is not the least
bit splenetic when his friends seek
information regarding the day's
celebration. He was congratulated
by his friends, all of whom wished
him many more happy returns of the
day.

Roofing Cottage.
William Elber is spending the
day at Buckeye Lake roofing his cot-
tage. As he took along a supply of
fishing tackle he probably intends to
combine business with pleasure, Mr.
Elber being an expert in landing the
various kinds of fish so numer-
ous at the popular summer resort.

Marion Chautauqua Date.
The Marion, O., Chautauqua will
be held August 13 to 20. The pro-
gram will be similar to the one to
be given in this city Chautauqua
week in August.

Minstrel Parade.
The Coburn minstrel, which ap-
pears at the Auditorium this evening,
gave a street parade at noon today
and also played a number of selec-
tions in front of the Auditorium.
The parade was very creditable, the
participants being costumed in neat
and natty uniforms. The band gave
evidences of being a splendid musi-
cal organization. The Coburn com-
pany is said to give a very good per-
formance.

Will Increase Prices.
Akron barbers expect to increase
the price of shaves to twenty-five
cents and haircuts to forty cents
each. That is nothing new for Ak-
ron, as everything else has increased

in that city making the high cost of
living a reality indeed. The action
of the barbers will stimulate the
sale of safety razors and there will
be a big demand for them as soon
as the new season goes into effect.

Attended Inspection.
Deputy County Clerk Ed. M. Lara-
son and Attorney Ernest Cornell at-
tended inspection of the Masonic
lodge at Johnstown last evening. A
fine banquet was served and in the
social hour which followed Mr. Lara-
son delivered an interesting address.

Newark Music Lovers Notice.

at the music festival in Granville
next Monday, May 8, should be of
great interest to Newark music lov-
ers. The afternoon performance by
the orchestra at 2:30 the evening
performance of Hayden's Creation at

voices accompanied by the Sym-
phony orchestra. Telephone or
send to Ullman's at Granville for
tickets. Single admission, \$1. ad-
mission to both concerts, \$1.50.

Resigns Position.
Mr. Walter Early, who has been
in the office of Fleck & Son, whole-
sale grocers, has resigned his posi-
tion and will locate in New York
City. Mr. Early had intended leav-
ing a month later for New York but
the serious illness of his sister, Mrs.
G. W. Moore, hastened his depart-
ure.

Mr. Beadle's Son Improves.
The seven-year-old son of Coun-
cilman and Mrs. S. H. Beadle of East
Main street continues to show some

improvement, and the physician in
charge believe he has a chance for
recovery. The boy has been suffer-
ing from peritonitis and hope for
recovery was abandoned Tuesday
night. He rallied however, and has
been slowly improving.

Had Heart Attack.
John W. Ulrich, 119 North Elev-
enth street was taken suddenly ill
with an attack of heart trouble this
morning while at work in a house in
Twelfth street. Criss Brothers' am-
bulance removed him to his home.

Depends on Circumstances.

BUILDER OF FAMOUS FERRIS WHEEL IS A NEWARK RESIDENT

Introducing Frank Joseph McCain, 580 North Fourth street, contractor, wizard of iron bridge engineering feats, and the man who in 1891 won for himself a niche in the hall of fame, by constructing the famous Ferris wheel for the Chicago world's fair in 1892.

FRANK JOSEPH MCCAIN.

to Newark on account of poor health and is now employed as superintendent for the Ketter-Elliott Construction Co. of Chicago.

Born in West Newton, Pa., Aug. 25, 1859, the son of a well known bridge contractor, Mr. McCain at an early age began his career in the employ of his father. He attended school in Allegheny City and Bradford, Pa. After graduating, the call of the construction game became so strong that he engaged in the business for himself.

He had charge of the erection of all the iron bridges on the Cincinnati, Hamilton and Dayton railroad for the year of 1881. In 1886 he started taking contracts for bridge erections and in 1887 formed a partnership with his brother, Daniel, now deceased, in Chicago.

Some of the most important work done by Mr. McCain consisted of transferring the old Wells street bridge in Chicago from Wells street to Dearborn street, taking it up bodily and floating it down to Dearborn street. This feat was considered a very difficult piece of engineering skill and excited a great deal of comment among the engineers.

He also erected the iron railroad bridge over the St. John's river, Jacksonville, Fla. The water there was over 100 feet deep, which made it necessary to erect the bridge on scows and float it down the river to the piers where it was landed successfully. He has erected a great many railroad bridges in all parts of the United States, requiring great engineering skill.

At the world's Columbian exhibition he erected the machinery hall, the horticultural dome, fisheries building, besides a large number of minor constructions.

The great Ferris wheel situated in Midway Plaisance, a remarkable piece of engineering construction, was another of his successful undertakings. The wheel was 245 feet in diameter and carried 36 cars, each capable of holding 60 people, and was one of the greatest attractions at the world's Columbian exhibition. It rivaled the Eiffel tower of the Paris exhibition.

Mr. McCain occupied an enviable position in business and social circles, but is rarely in Newark for more than a week at a time. At present he is in Chicago. He is a master mason and recognized as a man of the highest engineering efficiency in construction work.

Louis W. Hill, the railroad magnate, always carries and automobile and a moving picture outfit in his private car.

King George of England recently sold the rarest stamp of his collection for \$1,450, which he donated to the Red Cross fund.

Granville, O., May 4.—It is on the books that the weatherman will give a beautiful day for the May Festival next Monday afternoon and evening. The Broadway "Canyon" will not improve the appearance of the village in the eyes of the strangers who are expected to attend the performances of the Russian Symphony Orchestra, but everyone will forget such minor considerations when once under the spell of these splendid musicians. It is said by critics that the Tschaikowsky Symphony discloses new beauties as interpreted by the Russian players, and that it is a whole concert by itself. The third movement of the Symphony sweeps the audience along. The spirit, the fire and the wonderful artistry of both conductor and orchestra can not be withstood. Such treats of real music come our way seldom enough; when they do come they ought to be highly prized and appreciated.

Rehearsal of the Engwerson chorus for the "Creation" to be sung on Monday evening, accompanied by the Symphony Orchestra, showed most gratifying results of Mr. Eschman's careful and efficient drill. Many of the soprano section were absent, but no finer showing in the tenor and bass sections, has ever been made by any chorus in Granville.

Soloists for the "Creation" are Marie Stoddard, soprano; Dan Beddoe, tenor; and Andres Sarto. The two first named have long enjoyed a national reputation, the last named while a comparatively new figure in the public eye has already made an enviable record. He comes from the Metropolitan Company, has been soloist for the Chicago Apollo club, the Minneapolis Symphony Orchestra and the Buffalo Glee Club. His singing of the bass solos, in the "Creation" will no doubt be the best ever heard here.

A most successful fire drill was given in chapel which on Tuesday

morning was held in the old chapel on the third floor of Doane academy. This was the first drill ever attempted here, and was managed by the two student councils. Although the room was packed, the occupants marched to safety in less than two minutes, showing fine methods in preparedness.

Kappa Sigma fraternity opened the hospitable chapter house in Shephardson Court last evening for a handsomely appointed dinner party, complimentary to several young ladies of the Kappa Phi Sorority. Covers were laid for twenty-two, those present besides the hosts being: Miss Annabel Bradstreet, physical director of Shephardson college, Misses Katherine and Helen Olney, Helen Longworth, Alice May George, Beulah Nott, Helen Robinson, Juliet Barker, Ruth Atwell, Esther Martin and Helen Meyers.

Mrs. Edward M. Jones (May Halderman) of Lucasville, arrived yesterday afternoon at "Monomay Place" where she will visit her mother, Mrs. Margaret Halderman and her aunt, Miss Mollie Jones, for a week. She will also be the guest of her uncle and aunt, Mr. and Mrs. J. S. Jones at Bryn Du.

The girls of Denison have elected Robin Hood and attendants for the morning services of the May Carnival, in the persons of Don Ladd, R. H. and Earl Marsh, John Bjeike and Gloyd Stankard attendants. The men have elected as Carnival Queen, Miss Katherine Olney; attendants: Misses Helen Olney, Alma Brumback and Dorothea Lapp, who will preside over the afternoon events.

Mrs. Clara M. Ogden has returned to her home in Summit street after nearly three months' absence from Granville, passed in visiting relatives in Lincoln, Neb., Chicago and Cleveland.

Miss Mollie Jones who was convalescing after a fortnight's illness at her home in "Monomay Place," has suffered a relapse and is in the hands of a trained nurse. It is hoped that complete rest and quiet will soon restore her to her usual health, as her condition today is greatly improved. The Rebekah lodge of Granville

Granville

[Special to The Advocate]

Granville, O., May 4.—It is on the books that the weatherman will give a beautiful day for the May Festival next Monday afternoon and evening. The Broadway "Canyon" will not improve the appearance of the village in the eyes of the strangers who are expected to attend the performances of the Russian Symphony Orchestra, but everyone will forget such minor considerations when once under the spell of these splendid musicians. It is said by critics that the Tschaikowsky Symphony discloses new beauties as interpreted by the Russian players, and that it is a whole concert by itself. The third movement of the Symphony sweeps the audience along. The spirit, the fire and the wonderful artistry of both conductor and orchestra can not be withstood. Such treats of real music come our way seldom enough; when they do come they ought to be highly prized and appreciated.

Rehearsal of the Engwerson chorus for the "Creation" to be sung on Monday evening, accompanied by the Symphony Orchestra, showed most gratifying results of Mr. Eschman's careful and efficient drill. Many of the soprano section were absent, but no finer showing in the tenor and bass sections, has ever been made by any chorus in Granville.

Soloists for the "Creation" are Marie Stoddard, soprano; Dan Beddoe, tenor; and Andres Sarto. The two first named have long enjoyed a national reputation, the last named while a comparatively new figure in the public eye has already made an enviable record. He comes from the Metropolitan Company, has been soloist for the Chicago Apollo club, the Minneapolis Symphony Orchestra and the Buffalo Glee Club. His singing of the bass solos, in the "Creation" will no doubt be the best ever heard here.

A most successful fire drill was given in chapel which on Tuesday

morning was held in the old chapel on the third floor of Doane academy. This was the first drill ever attempted here, and was managed by the two student councils. Although the room was packed, the occupants marched to safety in less than two minutes, showing fine methods in preparedness.

Kappa Sigma fraternity opened the hospitable chapter house in Shephardson Court last evening for a handsomely appointed dinner party, complimentary to several young ladies of the Kappa Phi Sorority. Covers were laid for twenty-two, those present besides the hosts being: Miss Annabel Bradstreet, physical director of Shephardson college, Misses Katherine and Helen Olney, Helen Longworth, Alice May George, Beulah Nott, Helen Robinson, Juliet Barker, Ruth Atwell, Esther Martin and Helen Meyers.

Mrs. Edward M. Jones (May Halderman) of Lucasville, arrived yesterday afternoon at "Monomay Place" where she will visit her mother, Mrs. Margaret Halderman and her aunt, Miss Mollie Jones, for a week. She will also be the guest of her uncle and aunt, Mr. and Mrs. J. S. Jones at Bryn Du.

The girls of Denison have elected Robin Hood and attendants for the morning services of the May Carnival, in the persons of Don Ladd, R. H. and Earl Marsh, John Bjeike and Gloyd Stankard attendants. The men have elected as Carnival Queen, Miss Katherine Olney; attendants: Misses Helen Olney, Alma Brumback and Dorothea Lapp, who will preside over the afternoon events.

Mrs. Clara M. Ogden has returned to her home in Summit street after nearly three months' absence from Granville, passed in visiting relatives in Lincoln, Neb., Chicago and Cleveland.

Miss Mollie Jones who was convalescing after a fortnight's illness at her home in "Monomay Place," has suffered a relapse and is in the hands of a trained nurse. It is hoped that complete rest and quiet will soon restore her to her usual health, as her condition today is greatly improved. The Rebekah lodge of Granville

will give a sale of home baking on Saturday at 2:30 in the social rooms of the Methodist church. Everybody welcome.

Mr. and Mrs. J. S. Jones expected to entertain a house party of Columbus friends for the May Festival next Monday.

HARMONY

Mr. White of Denison University, supplied for Mr. Harper Sunday and was entertained by Mr. and Mrs. James Overturf.

Mrs. Amy McWilliams was the guest of Mrs. Cora Longwell, Tuesday.

Mr. and Mrs. Frank Stewart visited Mr. and Mrs. Steven Grandstaff, near Croton, Sunday.

Mr. and Mrs. Harvey Hoover and son of near Pan Handle, were guests of Mr. and Mrs. M. L. Longwell, Sunday.

Mrs. Amy McWilliams, Mr. Robert Piper and daughter Connie attended church at Appleton Sunday and spent the day with Mr. and Mrs. Frank Overturf.

Mr. Bert Baker and Mrs. Wesley Runnels are each enjoying new Chevrolet touring car.

Mrs. E. C. Hoover and grandson, Keith have been sick with measles.

Mr. and Mrs. Ray Higgins and son of Homer were dinner guests of Mr. and Mrs. Elmer Shipley Sunday and in the afternoon they and E. E. Shipley and family called on Mr. and Mrs. John Pickering.

Mr. Ralph Mathews and family attended the funeral of Mrs. Mathews' aunt, Mrs. Willison west of Johnstown.

Miss Lida Brooks spent Sunday with Mr. and Mrs. C. D. Hand.

Mr. and Mrs. O. G. Runnels, Mr. and Mrs. Steve Runnels, spent Monday in Newark.

Mr. and Mrs. Rush Wilson were guests Sunday of Mr. George Smith. Mr. Leonard Runnels is the possessor of a shining new buggy.

Charles M. Schwab, probably the biggest steel man in the country today, could pick out a tune on a piano when he was 5 years of age.

MOTHER AND DAUGHTER IN THE HOSPITAL

But twenty-four hours elapsed between two visits of the Bradley ambulance at the home of Patrick Donahue of Commodore street. Mrs. Donahue was taken to the city hospital Tuesday evening for an operation. At the same hour Wednesday evening her daughter, Miss Florence Donahue was taken to the hospital suffering from brain fever.

Cleveland Comes Thursday, May 11, Not Next Tuesday

Cleveland Chamber of Commerce representatives will visit Newark Thursday May 11, one week from today, not next Tuesday as was announced last night. The tourists are in Zanesville on Wednesday spending Wednesday night in the Clay City. They will arrive in Newark at 9:45 o'clock Thursday morning remaining until 2:45 o'clock in the afternoon.

TIFFIN DRILL TEAM COMING TO NEWARK; WILL NOT COMPETE.

The Tiffin Eagle's drill team, which comes to Newark next month to attend the Eagles State convention will not participate in the drills for a prize. The Tiffin team has won the prize for a number of years and this year will step aside and allow some other team to win. Last year the Tiffin team had an average of 98 1-2 per cent.

Word has been received from Zanesville to the effect that the Eagle lodge of that city is coming to Newark strong and will have a uniform delegation of 500 members in the big convention parade. Columbus is expected to be represented by more than 1,000 visitors on the big day.

Every day the river Thompson scoops 1500 tons of earth from its banks.

Goodbye Corns! Cure Guaranteed

Hall's Painless Corn Cure a Marvel.

At last, a corn cure that gets rid of corns! A remedy that is guaranteed to work in every case. It brings the corn right out, you don't have to dig it out. The only corn and bunion cure of its kind in the world is Hall's Painless Corn Cure. The first application stops the pain. Hall's Painless Corn Cure is not a mere corn plaster or a salve that makes your corns swell or that "draws" and puts wrinkles in your feet from the awful pain. Hall's Painless Corn Cure is made and sold in this city by Frank D. Hall. It will cost you 25 cents, and will last longer than several purchases of another corn treatment. If you are not satisfied you can get your money right back on request.
